Work With Us

Three easy steps to your best event yet

1

Tell Us About Your Event

Get in touch with your event date, venue, expected attendance, and the kind of experience you're after. A conversation is enough to get started. "We're planning our annual family day for about 300 members at Kingsway Reserve on the first Saturday of September – can you put something together for us?"

2

Receive a Tailored Quote

We'll come back with a curated equipment mix – obstacle courses, mechanical rides, food operators, and carnival games – tailored to your venue, crowd, and budget. Our quotes are clear and detailed, with no hidden costs.

3

We Handle the Day

On event day, the TFD crew arrives ahead of schedule, sets up all equipment, briefs the on-site team, supervises all activity stations throughout the event, and packs down and removes everything after. You don't lift a finger.

Every Booking Includes:

- ✓ Delivery to your venue
- ✓ Professional setup
- ✓ Trained, safety-certified on-site staff
- ✓ Full safety supervision (if required)
- ✓ Generator hire (if required)
- ✓ Full pack-down and site clearance
- ✓ Single point of contact throughout
- ✓ Fully insured operation

Frequently Asked Questions

Do we need to provide any equipment, generators, or staff?

No. The Fun Depot brings and manages everything — equipment, generators, operators, and trained safety supervisors. Your committee can enjoy the event as members.

Are you insured?

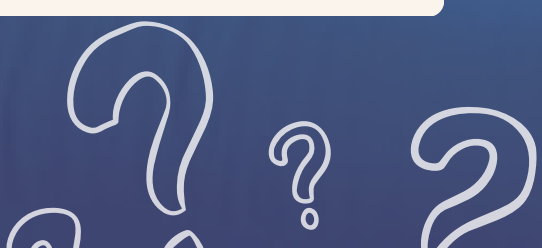

Yes. The Fun Depot is fully insured, with coverage backed by APRA-regulated insurance providers. All staff are trained and safety-certified before deployment at any event.

Can you deliver to regional areas outside of Perth?

Yes. We deliver across the Perth metro area and throughout regional Western Australia. Travel costs may apply and will be included in your quote.

Can we book just equipment without supervision?

Yes. Supervision is optional for most items. However, we strongly recommend including TFD supervision — it removes liability from your committee and ensures the event runs smoothly.
